Student Council - TOP ROW-Miss Frost,  
Dimitri LaBat, Helen Chism, George Ponce,  
Paul Savage, M.S. Constantine. BOTTOM

The Student Council is developed for the benefit of the students. Student Council does more than organize sportsnights. For example the treasurer handles and keeps a record of all the money coming in and going out of the students body funds. The Student Council meets every Wednesday. If there's anything you would like to have or something you would like to change, talk to the class president. They attend the Student Council meetings and speak for you.

# DEDICATION

Mrs. Itaska Jones

This book is dedicated to a very hard working lady, Mrs. Itaska Jones, the head attendant at Widney High School. Mrs. Jones has been working at Widney about 9 years, when Widney was quite new. Mrs. Jones wears her loving smile everyday for the people at Widney. She helps any way she can to keep the students at Widney High happy. We thank you Mrs. Jones for all your years of loyalty and helpfulness at Widney High. We hope to share many more years with you.

Strong As the  
Tree in Front  
of Widney, Yet

Bending to Meet  
the Demands  
Placed Upon It

Always Smiling

Thank  
You  
Very  
Much

Mrs. Jones is a mother to all.

Mrs. Jones as she appeared in 1968.

Here she is in 1975.

These pictures in 1974 always show a bright smile.

# Happiness Is the Widney Gazette

The happy people of the Gazette staff write about the happy happenings, and sometimes not so happy happenings at Widney. The happy people include: editor-in-chief, Ellen Chase. Page editors: George Adelstein, Lauren Larson, Janice Foxworth, Linda McIntosh. Staff members, Chris Benward, Exchange, Michael Ward. Head copy editor, Jackie Conner. Head of Revisions, Janice Johnson. Poetry, Chris Renly. Photo, George Neblina. Sports, Fernando Guevara

Keeper of the Margue, Anita Becken, Monte Fisher, and the rest: Richard Foster, John Fernal, David Linnik, Gary Garcia, Corey Hernandez, Steve Hoes, Derrick Kecker, Linda Matthews, Mario Mpires, and Martin Valjalo, and the happiest person of them all, their advisor, Jason Magnin.

# In 1933, Mr. Jennings built a special wheelchair for his good friend, Mr. Everest.

## Today that same special care goes into over 500 special products.

It all started over forty years ago in this small garage.

In the midst of the Great Depression, Harry C. Jennings Sr., a mechanical engineer, built a new kind of wheelchair. The first that could be folded so it could be stowed in an automobile. He built it with special care and attention. Because it was for his friend, Herbert A. Everest, who had lost the use of his legs in a mine cave-in.

That chair was a first. Constructed from tubular steel and a hammock-type fabric seat and back, it freed Mr. Everest from the restrictions of the heavy wooden wheelchair of that period. The chair attracted attention wherever it was seen. Soon Everest & Jennings were making custom wheelchairs, each designed for the personal needs of a customer.

As orders multiplied, it became clear that certain models were in enough demand that their dimensions and features could be standardized so they could be sold at lower cost. Without sacrificing the personal pride of Mr. Everest and Mr. Jennings, the company grew rapidly and became the country's largest manufacturer of wheelchairs.

Now we're more than just wheelchairs.

The long years of personal involvement gave Everest & Jennings unique knowledge. Knowledge of the special needs of their special customers. With this, it was only natural for

the company to add new products to meet these needs.

Today Everest & Jennings markets a broad line of medical equipment and supplies. Hospital stretchers, aspirators, walkers, patient lifters, and crutches. All are built with the same special care and attention that went into that first wheelchair. Both of the founders are gone. But Everest & Jennings today, under the leadership of Gerald M. Jennings, continues its dedication to making products that help make the lives of their users a little more meaningful.

The garage still stands.  
And so does the quality  
that started there.
